

## AHSC Pool Party Rules

Alpine Hills Swim Club Party Rules: At AHSC, the safety of our member and their guests is our top priority. Because guests may be unfamiliar with our club a staff member will give a brief "Safety Talk" of the facility rules with your group prior to the start of your party. Your assistance in helping with the enforcement of these rules during the party would be greatly appreciated.

Non-Swimmer Rules: All non-swimmers are restricted to the shallow end of the pool only. They may not be on the diving board or travel past the (3 foot depth) of the shallow end of the pool. Non-swimmers who cannot stand up in the shallow end must receive direct supervision at all times by an adult. \*\* Any child who is not fully potty trained must be outfitted with a specific "swimming-type" diaper. Swimmers with cloth or regular diapers are NOT allowed to enter the pool.

BABY-POOL Rules: (For Private Parties Only) The Baby Pool is for non-swimmers ages (5) and under. Each non-swimmer under the age of five using the baby pool must be accompanied and strictly supervised by an adult at all times. *(The same diaper policy as stated above applies.)* No other swimmers are allowed in the Baby Pool.

Diving Board Rules: All users must be capable of swimming in deep water. (The Diving Well depth is 9 feet) Only one person is allowed on the diving board at a time. Divers are allowed only one bounce, should jump straight off as soon as the dive area is clear, swim to the designated ladder, and then exit quickly. No backwards diving, sitting on the board, doing handstands or other stunts off the boards is allowed. No other swimming or diving is allowed in the dive area unless the diving boards are closed for diving. Non-swimmers may use the diving board if supervised by an adult and are wearing a flotation device. (No dropping babies under 2 yrs of age off the board, they may jump to an adult only if an adult is on the board with them and another in the pool to catch them)
